

THANK YOU FOR WASHING YOUR HANDS

ATTENTION ALL EMPLOYEES AND VISITORS

Our office is currently operational and we're taking all the precautions to avoid the transmission of Coronavirus in our working environment.

Considering the precautions that we must all take to limit the spread of COVID-19, **WE REQUIRE** all visitors and employees to first wash their hands thoroughly with soap and water, **for at least 30 seconds**, before moving any further into our facility.

THANK YOU FOR FOLLOWING THIS REQUEST!

We are confident you understand the situation.

- Management

NB. Our work environment is also carefully maintained by a JAN-PRO Certified Business Owner.
JAN-PRO is a company that specializes in commercial cleaning and disinfection services.

JAN-PRO
So much more than cleaning
